

Welcome to our SewCool Catalogue

Founded in 1985, SC & PS Saunders Ltd remains a proud family-run business, now into its third generation. For over 40 years, we have supported and supplied the haberdashery and sewing industry from independent retailers to manufacturers and theatre companies – across the UK and Ireland.

At Saunders, we are committed to providing exceptional customer service and delivering great value across our extensive range of haberdashery, textile products, and crafting essentials. As a trusted distributor of leading brands such as Berisfords Ribbons and Coats Thread, we ensure our customers have access to high-quality, well-established products. In addition to these renowned names, we continue to expand our own SewCool range, offering unique, bespoke, and affordable items thoughtfully developed to meet our customers' evolving needs, seasonal demands, and the latest trends in fashion and craft. We aim to introduce new and exciting products throughout the year which may not at this stage be featured in the catalogue. In this case, if you are unable to find a product you have recently purchased or have been recommended by your sales representative, please get in touch with us and we will be happy to assist you in sourcing the item or adding it to your order.

Our offices and website are open to trade customers only and are not accessible to the general public. Trade customers are welcome to visit our premises by appointment, or alternatively, we can arrange for one of our sales team to visit your store.

We would like to take this opportunity to thank our customers for their continued support and loyalty. We look forward to sharing the exciting opportunities that lie ahead for us all.

If you have any questions or would like to place an order, please don't hesitate to contact our sales team:

Index

How to use your catalogue

To help you quickly identify products and for the purpose of re-ordering or stock control, we have implemented a new coding system for all catalogued items. Each product is listed with a unique reference number in the following format:

18 . **2862** . **38** . **ASST**

Here's what each part of the code means:

18 Product Category

This is the category number for a product, for example, 18 is our Ribbon category. Please see our Index for the full list of product categories (page 277).

2862 Product Reference

The product reference identifies the specific product or design, for example 2862 is the code used for the assorted bags of satin ribbon bundles.

38 Width or Size

The width or size of a product is measured in millimetres or centimetres unless stated in the product description, for example 38 is 38mm. Please see pages 274-275 for size references and conversion charts.

ASST Colour Number or Colour Name

We have used both colour numbers and colour names to identify your preferred shade, for example ASST is for assorted colours. Please see the SewCool Colour Chart in the Index (page 276).

Elastic & Cord

- Corded Elastic
- Woven Elastic
- Knitted Elastic
- Round Elastic
- Elastic Bundles
- Piping Cord
- Hessian Cord

Metric Conversion Table

1/4" = 6mm	3/4" = 19mm	1.1/4" = 32mm	1.3/4" = 44mm
3/8" = 10mm	7/8" = 22mm	1.3/8" = 35mm	1.7/8" = 47mm
1/2" = 13mm	1" = 25mm	1.1/2" = 38mm	2" = 50mm
5/8" = 15mm	1.1/8" = 28mm	1.5/8" = 40mm	2.1/2" = 63mm

The SewCool Colour Chart

Unless otherwise specified, each SewCool product we offer can have a wide range of colour options available for you to choose from. We have given each shade its own colour number or name which is shown as the last digit of the product's reference code.
